MOVING AHEAD TO SPIRITUAL HEALTH

January 21, 2017

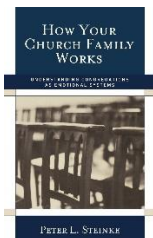

The Rev. Dr. Jim Sorvillo

Rector, Church of the Ascension – Orlando, FL

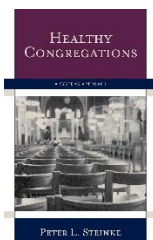

As Christ's body, the church exists by virtue of its participation in God's mission, the *missio Dei*. When dysfunction in the church distracts the body of Christ from this participation, the church is inhibited in its mission. This class will offer practical tools for proactively identifying possible areas of congregational dysfunction and a responsive process for healing and reconciliation if and when they occur.

Required textbooks:

"How Your Church Family Works" by Peter L. Steinke

"Healthy Congregations" by Peter L. Steinke

Both books are available from Amazon
