The key to this course will be the Book of Common Prayer starting with the Historical Documents of the Church beginning on page 864 and then the second day concentrating of the Q & A section beginning on page 845. As a background the student should read the Book of Romans, okay to skip chapters 9, 10, & 11, but all of the rest of the book will be helpful . One must understand the Christian Doctrines of Condemnation, Justification, Sanctification and Glorification. We must also note the dynamic between Sin and Grace and how all of these doctrines are lived out in the Episcopal Tradition.
